

WALWORTH-SEELY PUBLIC LIBRARY 2016 REPORT TO THE COMMUNITY

WHERE THE COMMUNITY CAN CONNECT

WHERE THE COMMUNITY CAN CREATE

WHERE THE COMMUNITY CAN DISCOVER

FROM THE DIRECTOR'S DESK...

One of the best things about working in a public library is the connection we make with the community. Every day we have an opportunity to assist, entertain and educate people from various walks of life. We have the privilege of creating connections and fostering discovery of everything from job searches to new hobbies to literacy education to genealogy research. One of the most important things we focus on during training is: we never say "I don't know". We may not have the answer right away but we have the resources and fortitude to find the answer or point a person in the right direction.

We have so much planned for 2017 too! Look for great programming and workshops; additions to our collections including Hotspots funded through a Pioneer Library System Technology Grant. Library staff is hard at work coming up with new innovative ideas for bringing literacy education to the community. This is your library. We hope you always feel comfortable and confident that your needs are our priority. Whether it is a book request or a cool idea for a program, we want to hear from you! Give us a call, send us an email or better yet, stop by! We look forward to seeing you soon!

Respectfully,

Beth List
